★★★★★★★★★★★★★★★★★★★★ **A famous family** ★★★★★★★★★★★★★★★★★★

The Fiennes family are amazing. Jini, a writer and painter, and her husband Mark Fiennes, a photographer, had seven children. Two of their sons, Ralph and Joseph, are well-known actors. Another son, Jacob, is a travel writer and photographer. The fourth son, Magnus, is a musician and also a songwriter. One of their daughters, Sophie, makes documentary films, and their second daughter

Martha is a film producer. Sometimes they work together. Ralph stars in several of Martha's films, and Magnus wrote the music for one of them.

Perhaps it's not surprising that a half-cousin of the family is the famous explorer Ranulph Fiennes. He travels all over the world, and he also writes books about his adventures. At the moment he is planning to climb Mount Everest for a second time.
